

Christ Lutheran Visioning Team Activity #2

In an effort to gather information from a variety of sources, please interview someone from the community who does not attend our church. The purpose is to listen to our community neighbors.

Below are some sample questions, but you may have some of your own. The main goal is to try to hear from others what role a gathering of people like ours might play to make our community a better place.

- What do we need to know about our community? (Vernon Hills area)
- What are recent changes in our community?
- Where are the people who are new to the area? Are there opportunities to welcome them?
- What concerns do people have?
- What are 3 major challenges in this community?
- Where can the church help today?
- What partnerships may be developed to address these needs?
- Do you have an impression of our congregation?
