RE: Anniversary Auction Items

Dear Friends,

Christ Lutheran Preschool in Vernon Hills is celebrating its 25th anniversary. We will be hosting a dinner and auction on Saturday, May 5th, 2018 at DoubleTree, Mundelein. Our Anniversary Committee is expecting over 200 attendees including past and present families, local community leaders, and business partners. We are looking for items to add to our silent auction. We are reaching out to the wider community for support. Your participation in this event will help us continue to provide an energetic and fun preschool experience.

Through the 25th Anniversary silent auction and monetary donations, our goals are to replace our playground fence, classroom furniture and teacher materials that are showing the wear of daily use by hundreds of students.

If you have any questions or would like to donate, please contact Anniversary Celebration Volunteer Lauryn Theisen at FamilyCLPS@gmail.com. Thank you for your support.

At CLPS, we believe every student is a unique child of God. We provide a developmentally appropriate preschool curriculum that gives the children the opportunity to grow at their own pace, emotionally, intellectually, socially, spiritually and physically. Our program is designed to help make a smooth and successful transition from home to school by providing a safe and comfortable environment. We create opportunities for peer interaction and contact with knowledgeable and caring Christian teachers. Our positive school atmosphere helps children develop self-confidence and allows their attitudes, skills and curiosity to expand. We encourage responsible behavior in our children, especially group cooperation and concern for others. Our objectives are to stimulate young children to love learning and to grow through positive encouragement.

God's blessings,

Kathy Davis

Director
